  Science, Technology, Engineering and Mathematics
  2017 - 2019

- **Victorino Mapa High School**
  Special Science
  2013 - 2017

About Me

Dedicated and detail-oriented computer science student looking to surround myself with highly motivated individuals who will further enhance my knowledge, computer programming skills, and develop my personality as a career person. I am very interested in front-end web development, and I'm searching for an internship position that will help me develop the standards and discipline I'll need to advance in my profession. With experience in HTML/CSS, C, JavaScript, Python, Vue.js, Quasar Framework, and Bootstrap.

Tech Stack

JavaScript UI
- Vue.js
